Although the number of people experiencing homeless in Hillsborough County has decreased by less than 1%, the data related to unaccompanied youth, chronically homeless individuals and families living on the streets is significant. With the infusion of funding from Hillsborough County, the City of Tampa, HUD and VA, a significant number of the homeless residents are able to seek shelter and services rather than sleep on the streets.

The data is generated from the U.S. Department of Housing Development's Homelessness Data Exchange (HDX). The Homelessness Data Exchange is an on-line tool designed to allow Homeless Continuums of Care to submit data to the U.S. Department of Housing and Urban Development.
