# TAMPA/HILLSBOROUGH COUNTY COC 2022 HOMELESS POINT-IN-TIME COUNT

THHI
TAMPA HILLSBOROUGH
HOMELESS INITIATIVE

The Continuum of Care conducts a thorough count of the homeless population to measure the extent of homelessness, and the 2022 Annual Point-in-Time Count took place on February 24th. The pandemic continued to challenge our community but, thanks to our amazing community partners, our CoC was able to sample parts of the county and extrapolate a valid estimation of how many homeless neighbors we have in our community.

Total Homelessness*

1513

2015 2016 2017 2018 2019 2020 2022
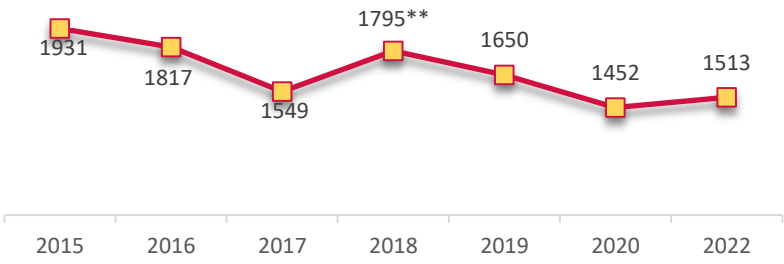

*There was no unsheltered count in 2021 due to the COVID-19 pandemic, but 870 sheltered individuals were counted.

**The increase in people experiencing homelessness between 2017-2018 is a result of the 2017 hurricane season; Twenty-one percent (184) of the emergency shelter beds were occupied by evacuees.

Race/Ethnicity

Black — 49.2%
White — 46.1%
Other — 2.2%

Latino — 16.8%
Non-Latino — 83.2%
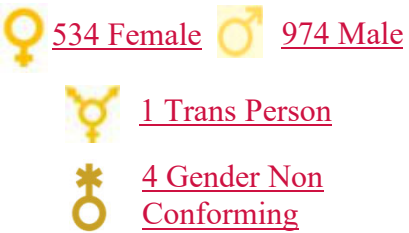

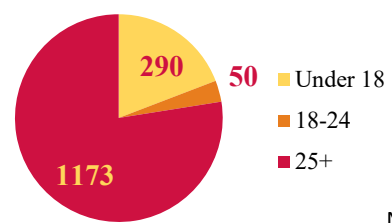

### Trends*

31% of adults saw an increase in income this year

37.7% increase in people 62+ years experiencing homelessness since 2018

11% decrease in families in our shelters since 2018

Our community adapted to the challenges of the ongoing pandemic by switching to a sampling approach for conducting the street count, where parts of the county were fully canvassed, so we can extrapolate how many people and families were experiencing homelessness on the night of the PIT count. The map below shows where most of the surveys were collected.

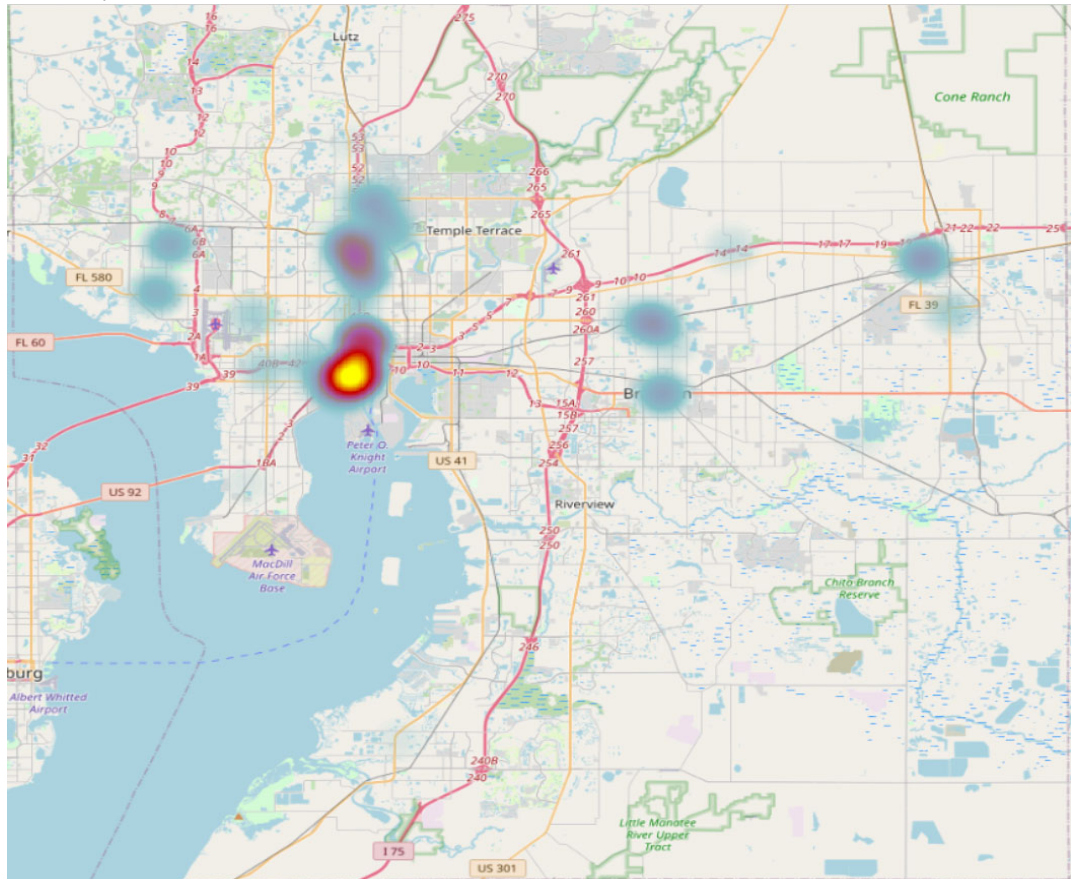

*Trend data taken from system performance measures or other data from our Homeless Management Information System.

Making Homelessness Rare, Brief, and Non-Recurring*

***Data retrieved from the FY21 system performance measures, the most recent one available.**

Rare

Number of people experiencing homelessness for the first time

2018	2019	2020	2021
4352	4013	3906	3876
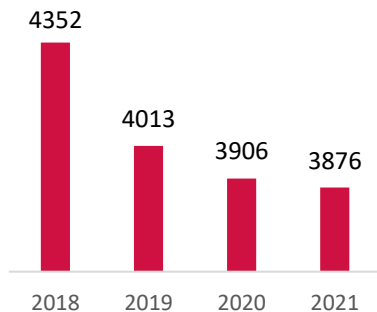

Brief

Median number of days in shelter

2018	2019	2020	2021
58	62	59	62

Non-Recurring

Percent of people returning to homelessness within 24 months

2018	2019	2020	2021
16%	18%	17%	17%
